

How to Separate & Dispose of Household Trash

★Reduce and Recycle Wastes!★

Onna Village

TYPES OF WASTE

Burnable Wastes

Food Scraps
 Drain of liquid before disposal.
 Use newspapers or cloths to absorb oil, or oil solidifier sold in stores.

Cooking Oil
 Use newspapers or cloths to absorb oil, or oil solidifier sold in stores.

Disposable Diapers
 Remove all solids and flush down toilet.

Plastics/CDs/Cassettes/Video Tapes/Rubber, etc.
 CDs, cassettes, video tapes, vinyl or polyester bags, other plastic products, etc.
 PET bottles are recyclable.

Scrap Paper/Carbon Paper/FAX Paper (Thermal Paper)
 FAX paper (thermal paper), carbon paper, and tissue paper

Yard Wastes
 Branches capable of damaging garbage trucks should be disposed of as bulk waste.

Cloths

Non-Burnable Wastes

Ceramics (bpwls, dishes)/Glass (including heat resistant glass)/Oil or Cosmetic Bottles, etc

Small Appliances
 Branches capable of damaging garbage trucks should be disposed of as bulk waste.

Disposable Lighters
 Empty before disposal.

Metal/Kettles/Hangers/Umbrellas, etc.

Razors/Cutters/Knives/Saws, etc
 Wrap broken shards or blades in heavy paper.

Broken Glass Mirrors

Hazardous Wastes

Hazardous Wastes
 Provide a box or container for disposal.

Florescent Lights/Bulbs
 Return florescent lights, bulbs, NiCad (rechargeable) batteries, button batteries, etc., to stores when possible.

Batteries

Mercury Thermometers

Recyclables

Paper Wastes
 Use Paper Cord
 Separate by type and tie with paper strings. (Do not use duct tape.)
 Paper Cartons: Rinse, cut open, and tie crisscross with string (Cartons with aluminum linings are burnable waste.)
 Books: Comics, magazines, paperbacks, hardcovers, paper boxes, etc.
 Newspapers/Fliers/Sheets of Paper: Not collected on rainy days. Paper cannot be recycled once soaked. Keep until next collection day if raining. Non-recyclable items: FAX paper (thermal paper)/photographs/oilpaper/envelopes with windows/carbon paper (Above items must be treated as burnable wastes.)
 Cardboard: Remove all tape and staples. Do not insert in bags.

Cans
 Steel Cans: All steel cans bear the above symbol.
 Aluminum Cans: All aluminum cans bear the above symbol.
 Aerosol Cans: Gas cylinders for portable gas stoves, insect or hair spray cans, etc. Empty and rinse before putting out. Dispose of empty paint, oil or bulk (18L) food cans as non-burnable waste. Completely use up aerosol cans before disposal. Cans cannot be recycled if containing cigarette butts or other foreign matter.

PET Bottles
 Include only items bearing the symbol to the right. All recyclable PET bottles bear the symbol either on the sides or bottom. PET bottles cannot be recycled if containing cigarette butts or other foreign matter. Remove caps and rinse before disposal.

Clothes
 Use bags designated for recyclable. Put out used clothing you wish to donate in a recyclables bag.

Glass Bottles & Jars
 Put out in a box or container.

① Remove all caps or corks. ② Rinse out.

Reusable bottles: Awamori, beer of 1.8L bottles (Leave caps on awamori bottles.)
 Jam jars; bottles for soft drinks, whisky or wine (Separated out into 3 classes at the plant in accord with the Container and Packaging Recycling Law.)

Put-out-in-boxes or containers.

NOTE: Dispose of ceramics, glasses, cosmetic bottles, and broken bottles as non-burnable waste.

Bulk Wastes
What Is Included in Bulk Wastes?
 In principle, whatever cannot fit into a designated bag is bulk waste. If broken into pieces small enough to fit into designated bags, items can be disposed of as burnable or non-burnable wastes. Call Section in charge for more info about collections.

Chests, tables, desks, beds, mattresses, futon, sofas, cupboards, bicycles, tatami mats, stereos, etc.

Large volume waste and waste generated during moving must be personally transported. Call Village Welfare and Environment Section for more info.

Collection Days ★Put out waste by 8:00 AM on collection days. (Do not put out on the night before to avoid scattering by cats or Dogs.)

District	Nakama Afuso	Kisenbaru Seragaki Ohta	Onna	Minami-Onna Tancha Fuchaku	Maeganeku Nakadomari (Incl. New Town)	Yamada Maeda Shioya Ukaji
